

A message from James, Glen, Ron & Claire.

As a small, seasonal, family-operated business, we are doing everything we can to ensure that Sherkston Supermart, Sherkston Café and Sherkston Laundry are able to continue operations this season and survive financially to be able to continue serving the Sherkston Shores community.

The protocols related to the COVID-19 pandemic are in place to ensure the safety of our employees and customers. They are also in place to meet the requirements prescribed by various levels of government which allow the business venues to remain open.

The businesses continue to suffer due to the restrictions in place. Weekly transaction counts across the business are down on average, by 67%.

We have been working as hard as we can to ensure that access to the store is available in as timely a manner as possible.

We have also had to reduce our regular level of service in order to help customers move through their visit as quickly as possible.

We are asking customers to help us by following the protocols in place.

Please:

One family member shopping only. When you insist on shopping as a couple or in groups you are preventing other customers from entering and you are harming our business.

Shop with intent only. This is not the summer for browsing. Make a list and let us help you find your products. Make your shopping visit as efficient as possible.

Follow the directions of staff. We do not always have the time to explain our directions, and our procedures change depending on customer volume, but trust that what we are doing is to move you through your visit as efficiently as possible.

Lastly and most importantly, thank you for the ongoing support from the Sherkston Shores Community & Visitors. A special thank you to those who are already adhering to the advice of government and public health agencies, we are truly grateful.
